
Adhesion Promoters

Titanates, Zirconates, Silanes

Catalysts, Crosslinkers and Chain Extenders

Titanates, Zirconates, Silanes

Matting Agents

„Green“ precipitated silica

Polyurethane beads

Neutralising and Stabilising Agents

Amino alcohols

Nitro paraffines

(modified) Castor Oil Derivates

Polyacrylates

Polyamides

Rheology Additives

Polyethylenes

Polyurethanes

Conventional and Hydro Clays

Hybrids

Wetting and Dispersing Additives

Amino alcohols

Polyurethane-based Co-Polymers

Additional products based on renewable raw materials
