

---

**Adhesion Promoters**

Titanates, Zirconates, Silanes

**Catalysts, Crosslinkers and Chain Extenders**

Titanates, Zirconates, Silanes

**Matting Agents**

„Green“ precipitated silica

Polyurethane beads

**Neutralising and Stabilising Agents**

Amino alcohols

Nitro paraffines

(modified) Castor Oil Derivates

Polyacrylates

Polyamides

**Rheology Additives**

Polyethylenes

Polyurethanes

Conventional and Hydro Clays

Hybrids

**Wetting and Dispersing Additives**

Amino alcohols

Polyurethane-based Co-Polymers

Additional products based on renewable raw materials
