

Products	Description	Application
NACORR 1151	Barium salt of dinonylnaphthalene sulphonic acid (DNNSA), (liquid)	Primarily for solvent-based systems, good binder compatibility
NACORR 1352	Calcium salt of DNNSA (liquid)	Especially suitable for water-based formulations
NACORR 1551 NACORR 1552	Zinc salt of DNNSA (liquid)	Especially for solvent-based systems, catalysed amino systems
NACORR 1651 NACORR 1652	Magnesium salt of DNNSA (liquid)	Good compatibility with dispersions
NACORR 1754	Ammonium salt of DNNSA (liquid)	Best compatibility with water-based systems without cosolvent
NACORR 4426	Sodium salt of DNNSA, combined with polymer (liquid)	Waterborne resins based on emulsions
NACORR 4451	Sodium salt of DNNSA, combined with DEEA and zinc polymer (liquid)	Corrosion protection post-additive
NACORR XR 6401	Zinc salt of DNNSA (powder form)	Powder systems
NACORR XR 6402	Calcium salt of DNNSA (powder form)	Powder systems
NACORR XR 7402	Ammonium salt of DNNSA (liquid)	Water-based single-component systems
