

Product	Chem. Description	Features and Benefits
Oelbase® 250	100% blown Rapeseed Oil	Water insoluble with a defined viscosity. Excellent as lubricant in emulsifiable and non emulsifiable metalworking fluids as well as chainsaw oils, shear and high temperature stable. Improved lubricity due to high polarity. V40: 250 mm ² /s.
Oelbase® 460	100% blown Rapeseed Oil	Water insoluble with a defined viscosity. Excellent as lubricant in emulsifiable and non emulsifiable metalworking fluids as well as chainsaw oils, shear and high temperature stable. Improved lubricity due to high polarity. V40: 460 mm ² /s.
Oelbase® 770Z	100% blown Rapeseed Oil	Water insoluble with a defined viscosity. Excellent as lubricant in emulsifiable and non emulsifiable metalworking fluids as well as chainsaw oils, shear and high temperature stable. Improved lubricity due to high polarity. V40: 770 mm ² /s.
